What Happened:

Breakfast
The castle is just on the other side of the mountain ridge, but only accessible by a rope bridge.
The party arrives at the bridge. Ravrokk wants to send the mercs first. Taelith and jasper check the bridge for traps
Taelith and Jasper see that the ropes are frayed and that there is a 10 ft gap in the boards.
The group slowly works their way across the broken bridge.
The group tries to figure out how to get the goat across. They decide to tie a rope to the goat and give it a ring of feather fall. Ravrokk throws the goat and Raven runs behind.
The party successfully crosses with Raven getting gliding wings through a brownie point.
Upon arriving at the castle, the party sees the dragon fly across the forest and hear the moaning of the undead. We send the mercs to rebuild the bridge.
There is a specific rune on the door for banishing a specific target.
Jasper goes invisible and scopes out above the castle. He sees at glass ceiling and that the front door has the best way in.
It’s mid afternoon. The dragon is a hobbyist cartographer.
